ASSESSMENT ACTIVITY

ENGLISH

INSTRUCTIONS

The Level 2 writing folio is not a single assessment. You will gather together examples of your writing over a *variety of genres* (kinds of writing).

Keep in touch with your English teacher. This is **essential** as you develop your writing folio. You will write several pieces over the year and your teacher will give you feedback. You will then have the chance to practise the skills you need for writing by completing a variety of tasks, before submitting your final pieces of writing for assessment.

NOTE. This standard is supposed to take several months to complete. Your writing will develop as you experiment with different genres. This takes time. **If you are on a tight schedule, call your teacher to discuss your options.**

ASSESSMENT

When it comes to your final submission for assessment, you are expected to be able to apply all the relevant skills **without much help from your teacher**. By sending in writing regularly before you send in a final submission, you and your teacher can identify areas where you need to improve, and you can practise these skills under the teacher's guidance. Then, when you are ready, you can apply everything you have learned to a piece of writing which has not had significant input from your teacher.

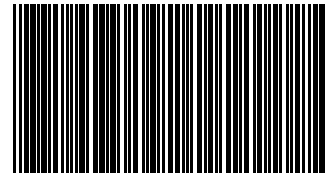

Note that you can submit two formal pieces or two creative pieces: you **do not have to** send in one creative and one formal piece. The combination is entirely up to you and your teacher. Both pieces should be **at least 500 words** long.

Remember that you need to achieve with **both** pieces to be awarded any of the six credits on offer for this standard. There will be one reassessment opportunity. Your teacher will discuss this with you if it is necessary.

Upload your completed assessment to the ENO2040Y1 assessment dropbox.
